1. Purpose

This notification is to announce a process improvement involving a new date code marking process for M Series Rotary Switches.

2. Overview

This change incorporates an improved marking method for recording the production date code for M Series rotary switches.

3. Impact of Change

- 3.1 Prior date code marking was a screen-printed date in grey (left side in picture below). The new date code marking is laser engraved in red (right side in picture below).

Figure 1: Comparison of Laser-marked Date Code (New, Left, Grey) vs. Print-screened (Old, Right, Red)

4. Part Numbers Affected

All M Series rotary switch part numbers.
