

Environmental Policy Statement

Astute Electronics will take all reasonable steps to protect the environment when conducting its business. This commitment covers all locations and divisions of Astute.

We recognise the need to minimise waste, utilising recycled and renewable products and recycling whenever possible.

We will minimise the use of energy resources where possible.

We will regularly review our Environmental Policy.

We will ensure our employees are informed regarding the global benefits of environmental protection and act accordingly in line with our Environmental Policy.

Ian Fantham

Commercial Director
